

Hello Noxon and West Road 5th grade string players!!!

Please use the links below to the [Arlington Strings YouTube channel](#) and practice with me :)

Any of the “Pluck and Count” videos are done at a slow tempo, and the bowed videos are closer to the tempo we will play at the concert. You can pluck or bow with any videos!

If you want a SUPER challenge, you can play your part along with a different instrument... just remember that their part is going to be different!!!
