

It is highly recommended that your student purchase a copy of the **Prentice Hall Brief Review in United States History and Government**.

While not required for the course, review packets for the Regents will be much easier to complete from a succinct review rather than exclusively from notes or the textbook. In addition, the book includes practice exams with multiple choice questions as well as

Thematic and Document based essays. If an older sibling has a previous edition, that will be fine.

The cost is \$14.00.

If you wish to order please place a **check made out to Arlington Central School District in an envelope** along with the order form below, and hand it into your teacher by, **November 13th, 2019**. Please write your **student's name, teacher's name, and AHS** on the check.
