

Arlington Education Foundation Payroll Deduction Program

Please consider including AEF in your charitable giving. Your support allows AEF to further invest in Arlington’s educational excellence by providing funding for both the staff and the students who make Arlington a special place.

Thank you to everyone who enrolled last year.

As a result, an additional \$1,000 was raised in support of AEF’s programs in our schools. We truly value your contribution and confidence in our efforts.

AEF Funding Examples

Classroom Interactive Projection Systems

“Allowing staff & students to interact with content differently”

~ Steve Hertzog, AHS Science Teacher

STEAM Labs

“A space where students can experience integrative learning in science, technology, engineering, arts, and mathematics. The labs also allow for teacher-created learning experiences that support the elementary science curriculum and also extend student creativity and critical thinking”

~ Julie Shook, ASM 2nd Grade Teacher

District Science Room

“A unique cross-age experience that connects high school students with elementary students to provide hands-on, collaborative science learning”

~ Caroline Ferrieri, BES 1st Grade Teacher

Augmented Reality Sandbox

“An amazing 3D interactive, dynamic educational tool that helps students understand mapping, topography, geography, natural hazards, and more”

~Dawn Galente, Dir. of Math, Science & Engineering
