BACK TO
LAGRANGE MIDDLE SCHOOL

I am happy to say that this is my 26th year teaching art at Arlington. I graduated with a B.S. degree in Art Education from Kutztown University and a Masters degree in Special Education from Western Connecticut State University.

As an art teacher, I will introduce students to different art forms, art history and techniques. My philosophy is not to grade a student on their artistic abilities but on their efforts and willingness to learn and try. Most importantly, I feel art should be used as a tool to teach and reinforce life skills. These skills include, but are not limited to, respect, responsibility, creativity, cooperative learning and problem solving. By the end of the school year, students will have learned many aspects of the world of art and be better prepared for a successful future.

NEWS/ANNOUNCEMENTS

Loeb Donates Art Supplies to Area Students

In the spring of 2020, when it became apparent that Covid-19 quarantine restrictions would require schools to switch to remote learning, Vassar College's Frances Lehman Loeb Art Center wanted to find a way to continue serving K-12 students in the immediate area. Field trips to the museum were, of course, on indefinite hold, but the desire to share the Loeb's artistic treasures and serve as a resource for inspiration and education was as strong as ever.
