

Arlington Summer Kids

Classes for Summer Fun

We're back!!! Well, almost. We wouldn't dare think of a summer without Arlington's Summer Kids Program. Courses are developed with suitable ages in mind. Specified **INCOMING** fall grades are listed.

STUDENTS MUST REGISTER NO LATER THAN JULY 3 so that we can guarantee that your class will run *and* that your supplies will be in on time

ALL classes will run MONDAY - FRIDAY

Students must have access to a computer or chromebook to use at scheduled time of classes.

Materials needed for all classes will be available for pick up on Thursday, July 9 or Friday, July 10 from 10am - Noon at Arlington HS on the south side (first parking on the right when you enter the HS campus)

Register online: <https://arlingtonschools.revtrak.net>
or use the registration form on the Continuing Education Website

ARTS & CRAFTS

Art Inspires Art Grades 3 - 5

Ms. Donna Colvin

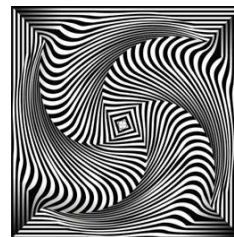

You will discover Abstract Art Inspiration. Find out what Artists: Miro, Paul Klee, Mondrian, Matisse, Picasso and Inuit Culture Designs found inspiring. The reaction to Abstract Art was POP ART. It is a Fun and Colorful form of Expression. You will create two artworks in the final days using the methods we practiced throughout the course. You will need to gather pencils, erasers, scissors, colored pencils and/or markers.

\$112 ♦ Course #5A11

7/ 13 - 7/24 ♦ 9am – 10:30am

Optical Illusion Grades 3 - 6

Ms. Donna Colvin

Art is all about illusion. Simple lines and shapes are used to create spectacular designs and images creating optical illusions. These tricks or illusions are based on scientific facts in how the eyes and the brain relate to each other.

You'll be able to fool your friends and family using these artistic capers. You will need to gather: colored pencils and/or markers, pencil and eraser.

\$112 ♦ Course #5B11

7/13 - 7/24 ♦ 10:45am – 12:15pm

Animation Grades 3 - 5

Ms. Donna Colvin

Flip Stop Move. Invent your own characters to use in cartooning and animation. You will be creating Flipbooks, Stop Motion Animation, Comic lettering and Self-Portrait Caricatures You will need to gather or be able to use a smart phone for Stop Motion Animation, small mirror, pencil, erasers, colored pencils and/or Markers.

\$112 ♦ Course #5C11 ♦ 7/27 - 8/7 ♦ 9 - 10:30am

Clay Works Grades 3 - 5

Ms. Donna Colvin

It's Okay. Stay Home and Day by Day Play with Clay. You will learn Clay Building techniques for creating vessels and Clay Sculpture using armatures and invisible supports. Think about what you would like to sculpt; animal, bird, monster or creature. You will be constructing your sculpture with Modeling Clay and other interesting clays. You will make paper maché clay. We will include recipes for making homemade clay and doughs.

\$112 ♦ Course #5D11 ♦ 7/27 - 8/7 ♦ 10:45am-12:15pm

Puppet Theatre in a Box Grades K-2

Mrs. Marjorie Teator

A box of do-it-yourself enjoyment for the whole summer. Inside are two magic puppets that each day we will transform (no wet glue involved) into characters (supplies in the box) and props for our story theatre. We'll act out stories like *Anansi and the Strange Moss Covered Rock* and *Little Red Hen*.

\$112 ♦ Course #5A12 ♦ 7/13 - 7/24 ♦ 9am - 10:30am

Creating Comics Grades 2 - 8

Ms. Caroline Borum

Calling all storytellers, illustrators, and creative geniuses!!

Regardless of your ability, you will learn to blend powerful words and images to tell an interesting and exciting story. You will create story boards using humor, action or drama while developing characters to develop your comics. Students will need pencils, colored pencils, erasers and a ruler.

\$98 ♦ 10:45am - 12:15pm

Choose: Course #5B15 ♦ 7/13 - 7/24

Course #5D15 ♦ 7/27 - 8/7

Color Mixing Grades K-2

Mrs. Marjorie Teator

Use three colors to make sooooo many colors. In this magic box are tissue paper, watercolors, acrylic paint, clay etc. to mix colors creating cards, posters, and magnets. Paints, glue, paper and magnet included. They'll learn skills so they can create more all summer.

\$112 ♦ Course #5B12 ♦ 7/13 - 7/24 ♦ 10:45am-12:15pm

Clay Works, Jr. Grades K-2

Mrs. Marjorie Teator

Clay Play - This magic box has 10 bags of different types of pre-done clay. Each day we will practice small motor skills and use them to sculpt an

animal, learning how to construct them so they will stand. Accessories (buttons, beads, glue, sticks for bracing, etc.) for using with the sculptures included. The clay recipes will be included for continued summer fun.

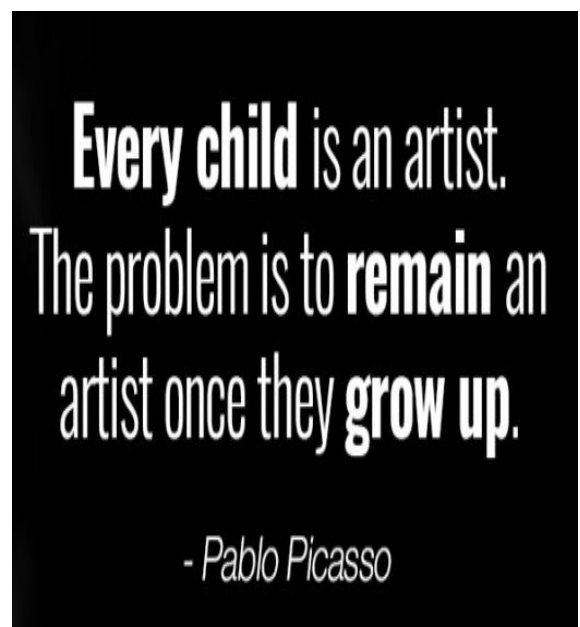

\$112 ♦ Course #5C12 ♦ 7/27 - 8/7 ♦ 9 - 10:30am

Magic Makes Grades K - 2

Mrs. Marjorie Teator

A magic box of mixes. One for each day! We'll create therapy putty, silly putty and so much more. In this magic box will be the supplies for us to make a kaleidoscope, magnet game and other fun projects. Depending on age - older assistance with pouring a baggie into a cup may be needed.

\$112 ♦ Course #5D12 ♦ 7/27 - 8/7 ♦ 10:45am-12:15pm

DIY Board Games Grades 3 - 6

Mrs. Paige Van Tassell

Do you love games? Are you crafty & creative? Then this is the perfect camp for you! In DIY Board Games, you will learn how to turn your ideas into playable board games. We will talk about what makes games fun and you will learn how to plan, create, and play board games of your own creation. Course includes materials to make games. Students need to supply scissors, ruler, pencil with eraser.

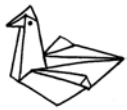

\$112 each course ♦ 9 - 10:30am

Choose: Course #5A16 ♦ 7/13 - 7/24
Course #5C16 ♦ 7/27 - 8/7

Origami Grades 3 - 6

Ms. Emily Silvern

What is origami? Students will learn and create many figures and designs as they learn about this ancient Japanese art! During this course you will learn about the history of origami and the stories behind the different projects that you will make. Course includes origami paper and other materials. Students need to supply their own scissors and curling ribbon/string.

\$112 each course

Choose:

Course #5A17 ♦ 7/13 - 7/24 ♦ 9am – 10:30am
Course #5D17 ♦ 7/27 - 8/7 ♦ 10:45 am - 12:15pm

PERFORMING ARTS

Everyone is Beautiful! Grades 2 - 6

Ms. Cassie Leonard

Sing with a little love in your heart! Music helps spread love and togetherness. Students will read stories, and learn and sing songs about the value of loving all.

\$98 ♦ Course #5A81 ♦ 7/13 - 7/24 ♦ 9 - 10:30am

Make Your Own Kind of Music

Make Some Noise! Grades 4 - 8

Ms. Cassie Leonard

Make some noise, explore a new sound, create a song and collaborate with others. Learn how to make music or audio recordings online, with options to create a song, podcast, or even ringtone. Students are able to create and express themselves using loops, patterns and even their own voice or instrument. Individual and group projects are stored in the cloud, so students can continue working on their projects from home during class and after.

\$98 ♦ Course #5B81 ♦ 7/13 - 7/24 ♦ 10:45am-12:15pm

Soundtrack Grades 4 - 8

Ms. Cassie Leonard

Create recorded music to accompany a book, animation, cartoon or even a video game. Students will use loops, patterns, and even their own voice or instrument to synchronize music with moving images. Students will be able to select their own type of project, so everyone can express themselves and their interests. All projects are stored in the cloud, so students can continue working from home during class and after.

\$98 ♦ Course #5D81 ♦ 7/27 - 8/7 ♦ 10:45am-12:15pm

Guitar for Beginners

For the very new musician, students will learn basic Guitar skills including standard tuning, knowledge of a few basic chords and strumming patterns while learning a few fun songs. Students are required to have an acoustic guitar kit, (including a tuner, pitch pipe, guitar picks and a capo). If you do not have a guitar, inexpensive kits (\$50 and under) are available at various stores online.

Guitar for Beginners Grades 3 - 5

Mr. William Internicola

\$90 ♦ 7/13 - 7/24

Choose: Course #5A582 ♦ 9:30 - 10:15am
Course #5B583 ♦ 10:45 - 11:30am

Guitar for Beginners Grades 6 - 8

Course #5B84 ♦ 11:45am - 12:30pm

Guitar for Beginners Grades 6 - 8

Ms. Dawn Pokela

\$90 ♦ 7/27 - 8/7

Choose: Course #5C83 ♦ 10:45 - 11:30am
Course #5D85 ♦ 11:45 - 12:30pm

Ukulele for Beginners Grades 3 - 5

Mr. William Internicola

Learn the basics of playing the ukulele while learning to play entire pop songs and your favorites! Students are required to have an acoustic ukulele kit, (including a tuner, case, and picks). If you do not have a ukulele inexpensive kits (\$50 and under) are available at various stores online.

\$90 ♦ 7/27 - 8/7

Choose: Course #5C82 ♦ 9:30 - 10:15am
Course #5D83 ♦ 10:45 - 11:30am

Ukulele for Beginners Grades 6 - 8

Course #5D86 ♦ 11:45am - 12:30pm

Writers and Authors and Journalists, Oh, My!!!

Graphic Novel Design Grades 4 - 6

Mr. Joseph Hines

Can't get enough of graphic novels? Learn to create your very own! We will combine the elements of imaginative fantasy writing, storyboarding and comic illustration to design a short graphic novel. No technical drawing skills are necessary. The instructor will meet students at their skill level, assisting each student to improve their writing and artistic skills and help them to define their own creative style and guide them through Google Slides and Jambook will be taught so that students can print their novels. Students should also have a lined notebook, pocket folder, writing and drawing tools.

\$112 ♦ 9 - 10:30am

Choose: Course #5A21 ♦ 7/13 - 7/24
Course #5C21 ♦ 7/27 - 8/7

The Secrets of the Zoo Grades 2 - 4

Mrs. Gwen Moschetto

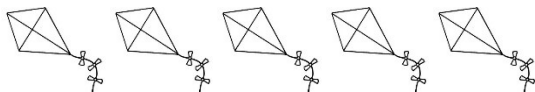

Calling all animal lovers! Come join "The Secrets of the Zoo" Camp this summer. Our journey will take us to all the major zoos of the world and learn about the exotic animals of every continent. On our way, you will meet a friendly gorilla named "The One and Only Ivan" (book included) and discover how everyone can help protect the animals and zoos of America. Finally, you will become a zookeeper as you build your own zoo choosing the animals and exhibits that you would like to include.

\$112 ♦ Course #5C22 ♦ 9 - 10:30am ♦ 7/27 - 8/7

Family Fun #1....

Go Fly a Kite!

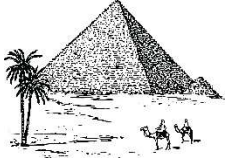

<https://www.budgetdumper.com/blog/how-to-make-plastic-bag-kite/>

Time Travelers

Grades 3 - 6

Mrs. Gwen Moschetto

Become a time traveler and discover history while exploring Egyptian tombs, traveling west across the American prairie, visiting ancient Aztec pyramids, sailing on

the Titanic, riding on the Pony Express, traveling to the lost city of Pompeii, and much, much

more! Together we will take virtual field trips to these ancient places and travel back in history to reveal what your life would have been like if you lived at that time.

\$98 ♦ Course #5A25 ♦ 9 - 10:30am ♦ 7/13 - 7/24

Adventure Outlook Club

Grade 2- 4

Ms. Krysta Covone

Become a book detective and make predictions as to what will happen next. Or, become a book critic and tell everyone what you thought about the story written. Get ready to go on a wild and exciting adventure with the kids from *The Magic Tree House* and *The A-Z Mysteries* (students will receive 3 different copies in each course) and will create and illustrate their own stories to mimic those told by Mary Pope Osborne and Ron Roy and John Steven Gurney.

\$112 each course

Choose:

The Magic Tree House Club ♦ 9am - 10:30am

Books 1 - 3 ♦ Course #5A24 ♦ 7/13 - 7/24

Books 4 - 6 ♦ Course #5C24 ♦ 7/27 - 8/7

The A - Z Mysteries Club ♦ 10:45am - 12:30pm

Books 1 - 3 ♦ Course #5B24 ♦ 7/13 - 7/24

Books 4 - 6 ♦ Course #5D24 ♦ 7/27 - 8/7

We Are All Wonders!

Grades 3 - 6

Mrs. Gwen Moschetto

We are all unique. In this class, students will learn about the things that make them special and stand apart from the rest. Students will read the WONDER (included in course fee) and explore how positive differences can be. Students need to supply a notebook, pencils with erasers and colored pencils.

\$112 ♦ Course #5B22♦ 10:45am-12:30pm ♦ 7/13 - 7/24

Fantasy Island

Grades 3 - 6

Mrs. Gwen Moschetto

Get a taste of imaginary writing with a trip to Fantasy Island. Here you will be creating your own make-believe characters with wild traits and appearances that would never exist in the real world! All of your characters have found themselves stranded on Fantasy Island. How will they interact with each other? Will they stay or escape? Will different characters join up like Marvel's Avengers? Answer all these questions by creating your own piece of literature (google book) for you to memories from your trip to Fantasy Island. Come and join us as we exercise our creativity, learn about the writing process and have a lot of fun. See you there!

\$98 ♦ Course #5D23 ♦ 10:45am-12:15pm ♦ 7/27 - 8/7

Greek Mythology

Grades 4 - 5

Mrs. Barbara Kurdziel

Clash of the Titans, Pandora's Box, Zeus, Poseidon, Athena, Apollo, Artemis, Aphrodite, Hermes.... Come join in the fun and learn about Greek gods and goddesses and several Greek myths through reading passages and Readers' Theater. Students will then become them as they engage in playwriting, rehearse and perform the student written plays.

\$98 ♦ Course #5A27 ♦ 9 - 10:30am ♦ 7/13 - 7/24

What if you had an Elephant Trunk or Porcupine Hair?

Grades K - 2

Mrs. Becky Provost

Calling all creative writers! Let's read crazy books about what it would be like to have animal noses, hair, teeth, ears or feet! Could you jump like a kangaroo or spray water with your elephant trunk? We will create stories about what our lives would be like if we had animal parts. Be sure to have a notebook, pencils and eraser, colored pencils, and scissors.

\$98 ♦ Course #5A26 ♦ 9 - 10:30am ♦ 7/13 - 7/24

The Culture Connection Grades 3 - 6

Students will explore the culture and heritage of Italy or Spanish speaking countries. Activities will include playing regional games, engage in light dialogue, language, songs, dances, art and more. Students will also learn to prepare cultural dishes. Join our Italian or Spanish classes. Students need to provide a notebook, folder, pens, markers and pencils.

Each course fee is \$198.

Classes will be held daily July 13 - August 7

Viva el Español!

\$198 ♦ 9am - 10:30am

Grades K - 2 ♦ Course #5E71 ♦ Sra. Ivonne Rios

Grades 3 - 6 ♦ Course #5E72 ♦ Ms. Brooke Chadwick

Español Grades 7 - 8

Mr. Joseph Hines

Continue to learn and speak Spanish. Students will engage in light reading and dialogue. Activities will include playing regional games, learning songs, and Course #5F71 ♦ 10:45am - 12:30pm

Sra. Luisa Martinelli

\$198 ♦ 7/13 - 8/7

Parla Italiano Grades 3 - 6

Course #5E73 ♦ 9am - 10:30am

Italiano Grades 7-8

Continue your Italian studies. Students will engage in light reading and dialogue. Activities will include playing regional games, learning songs, and understand Italian culture.

Course #5F72 ♦ 10:45am - 12:15pm

Science is fun. Science is curiosity.
We all have natural curiosity.
Science is a process of investigating.
It's posing questions and coming up with
a method. It's delving in.

Sally Ride

Family Fun #2....

Make a refreshing summer snack!

Fruit and Cheese Kabobs Recipe

For dipping, mix:

1 cup vanilla yogurt

1/2 cup sour cream

2 tablespoons honey

1/2 teaspoon ground cinnamon

On 12 wooden skewers alternately thread:

2 cups fresh strawberries, halved

1-1/2 cups green grapes

8 ounces cubed cheddar cheese

Serve immediately or refrigerate.

S.T.E.A.M.

Cool Off with Summer Steam Grades K - 2

Mrs. Becky Provost

Calling all engineers, architects, builders, dreamers and scientists! We will meet online and read a story to inspire our creativity and build from there. We will then plan, design, create and build 5 STEAM projects together. Students need to supply toilet paper and paper towel tubes, empty cereal boxes, dry rice or beans, egg carton, 20 pennies, empty yogurt containers and aluminum foil.

\$112 ♦ Course #5B61 ♦ 10:45am-12:15pm ♦ 7/13 - 7/27

Family Fun #3

Camp out and stargaze – Watch the Meteor Showers – Southern Delta Aquariids are expected July 28 – 29. You will see about 15 - 20 per hour

Mad Science is a leading STEM (Science, Technology, Engineering, and Math) enrichment provider. Their unique, hands-on science programs are as entertaining as they are informative.

Fostering a love for math and science at a young age will give the confidence that children need to be successful in these areas in the future.

All materials will be provided. Grades 2 – 6
Each course is **\$112** and will run **Monday-Friday**

Super Science Samplers

Explore the world of science with a fun topic each day. Students will experiment with super strong magnets, study molecules, manipulate light and sound waves, witness a frozen gas and study animal behaviors. Kids will investigate properties of color, learn about motion and then baffle their eyes by exploring optical illusions.

Super Science Sampler I

Topics will include: Lights color action, Harnessing Heat, Optical illusions, Dry Ice, Amazing animals.
Course #SM61 ♦ 7/13 - 7/17 ♦ 9 - 10:15am

Super Science Sampler II

Topics will include: Super Power Sources, Sonic Sound, Marvels Motion, Magnetic Magic, Matter of Fact
Course #SM62 ♦ 7/13 - 7/17 ♦ 10:45am -12pm

These super science samplers let kids investigate a different science topic each day. Kids will be engineers, chemists and stunt pilots. They will have fun with physics, learn the science behind magic tricks, and shocked what they learn about electricity.

Super Science Sampler III

Topics will include: Chemystery, Under Pressure, Stunt Planes, Super Structures, Who Dunit
Course #SM63♦ 7/20 - 7/24 ♦ 9 - 10:15am

Super Science Sampler IV

Topics will include: Current Events, Fundamental Forces, Science of Magic, Energy Burst, Living in Space
Course #SM64 ♦ 7/20 - 7/24 ♦ 10:45am -12pm

These super science samplers will help children uncover the roll that science plays in detective work, examine the science behind popular toys, and get a buzz out of the amazing world of insects. Mad Scientists will explore weather phenomenon and experiment with some kitchen chemistry.

Super Science Sampler V

Topics will include: Bugs, Walloping Weather, Movie Effects, Space Travel, Space Technology
Course #SM65 ♦ 7/27 - 7/31 ♦ 9 - 10:15am

Super Science Sampler VI

Topics will include: Mad Machines, Detective Science, Planets and Moons, Science of Toys, Mix it up
Course #SM66 ♦ 7/27 - 7/31 ♦ 10:45am -12pm

Crazy Chemworks

During this action packed camp kids will discover chemistry in a playful, safe manner. Through amazing demonstrations, kids will both learn and apply the concepts, tools and techniques of real chemists. Campers will start by learning real lab techniques and safety procedures, and then use these to mix crazy concoctions and chemical combos. They will experiment with sticky stuff, explore glow in the dark technology and mix potions. Topics will include: Lab Works, Junior Reactions, PH Phactor, Super Sticky Stuff, and Glow Show.
Course #SM67 ♦ 8/3 - 8/7 ♦ 9 - 10:15am

Secret Agent Lab

Calling all agents! This camp is part forensics and part "spy science". Step into the shoes of a detective - uncover science involved in evidence gathering and analysis. Students will create, collect, and analyze evidence and discover what skills are necessary as a crime scene lab technician. Topics will include: Sleuths on the Scene, Jr. Detectives, Funky Forensics, Crime Lab, Spy Academy.
Course #SM68♦ 8/3 - 8/7 ♦ 10:45am -12pm

Arlington Continuing Adult/Community Education Program

proudly offers

Arlington Summer Kids

We're back!!!

*Well, almost. We wouldn't dare think of a summer without Arlington's Summer Kids Program.
Beat away the summer blues and come and take a class or two.*

*We're offering an exciting variety of children's online, intriguing, enticing, fun filled programs
with some of your favorite instructors and some new ones!*

*We have art, music, languages, science, storytelling, comic book making, graphic novels,
whodunit reading and writing and much, much more!*

*And, even if you won't be 'home', as long as you have a computer or chromebook, an internet connection,
and tools/kits, you can participate and won't miss out on these great activities!*

- ❖ **STUDENTS MUST REGISTER NO LATER THAN JULY 3** so that we can guarantee that your class will run *and* that your supplies will be in on time
- ❖ Register online: <https://arlingtonschools.revtrak.net> or use the registration form on the Continuing Education website
- ❖ **Students must have access to a computer or chromebook to use at scheduled time of classes.**
- ❖ ALL classes will run **MONDAY - FRIDAY**
- ❖ **Class times are included in the course description.**
- ❖ Many classes will have "kits" included in their course fees (especially Mad Science). These materials will be available for pick up on **Thursday, July 9 or Friday, July 10 from 10am - Noon** at Arlington HS on the south side (first parking on the right when you enter the HS campus)
- ❖ **Other materials needed will be listed under your course description, which will be "things" you have around the house.**
- ❖ **Students will be emailed log in and other information the Wednesday before their classes begin.**
- ❖ **Don't forget to look for our Family Fun tips...**
