

Dear Families,

I am excited to welcome you to Arthur S. May and the Journeys Program for the 2023-24 school year. It will be filled with many wonderful things for all of us! This is my 17th year teaching special education and I look forward to supporting your child this year. I have a background in ABA as well as extensive training and practice in working with children with communication and/or behavioral disorders.

It is my belief that we are working together as partners in education. As partners, we should both be fully aware of your child's progress. During the school year, I will be sending completed class work and assignments home with your child for your review. In addition, I will implement periodic home-school communication to ensure we remain in contact on a regular basis. This includes emails, phone calls and messages through our class app. Please review all class work and communication as often as possible to track your child's progress in the classroom. Also, feel free to leave your own comments or questions at any time.

I know that together we will make this a rewarding and fulfilling school year. I have high expectations for a great year and look forward to speaking with you all soon!

Sincerely,  
Mrs. Kristen Sheehan
