### Program Philosophy:

- *“Establish and maintain an environment where participation in athletics leads to heightened levels of connectedness to the Arlington community.”*
- Winning is a component of success; however it does **NOT** define it... Our level of success is determined through the development and implantation of definable and measurable goals.
- No cuts at any level, built into program philosophy and goals.
  1. Freshman- No cuts. All play equal.
  2. Junior Varsity- No cuts. All play, 2-1 rep ratio. Depth chart remains fluid.
  3. Varsity- No cuts. The best will play. Depth chart remains fluid.
