

**Dear Fourth Graders,**

**I hope that you have been enjoying summer vacation. I know I have! Lately, school has been on my mind. It seems like it is a long way off, but really it is just around the corner. I have been making plans already, because I want to be sure that the first few days of school are a lot of fun. Maybe you have been thinking of coming back as well. At the bottom of this letter you will find our school supply list for the year. I hope that it will help “get you in the mood” and organize you for our year together. It would be great if you could have your supplies ready for the first day of school, but don’t worry if you don’t have everything.**

**Hopefully you have been spending part of your vacation lost in the pages of a great book. I have been spending quite a bit of my time reading as well, and have chosen several wonderful “read-aloud” books that I know you will enjoy.**

**For now, your homework assignment is to play outside and enjoy the rest of your time off. I am really looking forward to seeing you in a few weeks.**
