

From the Classroom of
Ms. Hanson

August 15, 2024

Dear Families,

I'm Genna Hanson. I will be your child's teacher this year. I am in my twenty-fourth year teaching second grade at Overlook, yet I think I am as excited as the students are about the new school year!

There are a few things I wanted to mention. I do set aside 10 minutes during our day for snack. Please send in fruit, vegetables, or other healthy foods for your child's snack. This is a part of our study on nutrition and health.

The class has a homepage at <http://www.hansonclass.org>. You can learn more about me and the class on this site. *If you email me, please make sure you type "student" on the subject line so I don't accidentally delete your message thinking it is spam.*

Due to the construction in and around the building, the times have yet to be determined for our Class Meet and Greet. I will do my best to find at least one time to come and meet me and see the classroom before our school year begins. I will post the times for our Meet and Greet on the **Weekly Calendar**, so check back often.

Meet and Greets help to lessen any feelings of nervousness your child might have. In addition, it will give me a chance to meet you and your child and adjust a desk to fit your child. It is important for each child to have a desk that will fit him/her well. Please feel free to bring in the class supplies during this visit, so your child can put them in his/her desk. I hope to see you and your child soon.

I am looking forward to a year full of learning and adventure with your child.

Welcome to 
 Second Grade!

Sincerely,
Genna Hanson
