April 16, 2021

Dear Arlington Families,

**NYS Travel Advisory**
New York State made further adjustments to its [COVID-19 Travel Advisory](https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html) with respect to international travel.

- Asymptomatic travelers entering New York from another country, U.S. state, or territory are no longer required to test or quarantine as of April 10, 2021.
- All travelers and New York residents must complete the [Traveler Health Form](https://www.health.ny.gov/disease/coronavirus/) unless the person left New York for less than 24 hours or is coming to New York from a contiguous state. Contiguous states to New York are Pennsylvania, New Jersey, Connecticut, Massachusetts and Vermont.
- Both the CDC and NYS recommend delaying international travel until the traveler is fully vaccinated.

We have changed our daily health screener to account for this change. Question #4 for students reads:

4. Has your child developed any of the symptoms of COVID-19 (see question 1 for symptom list) following travel outside of New York State?***

***Mandatory travel quarantine for domestic and international travelers has been lifted for asymptomatic people. See the [COVID-19 Travel Advisory](https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html) for additional information.

**Board of Education Special Meeting**
