

Dear Fourth Graders,

I'm happy to say that I will be your fourth grade teacher this coming school year! I'm eager for us to begin working together. Fourth grade is full of new and exciting topics to explore!

There is a general supply list for all fourth graders posted on our school's website. If you'd like to donate to the class, we can always use extra pencils and LOTS of tissues.

I hope you are spending some time reading books this summer and practicing your multiplication facts! Both are VERY important in fourth grade!

We will have snack every day so please bring something nutritious such as fruit, vegetables, a granola bar, etc. Please do not bring any sugary snacks, such as cookies or candy. Drinks should be kept to water and/or a healthy juice beverage.

Continue to enjoy your summer vacation. Rest, relax, and enjoy the outdoors!

See you in September!

Miss Smith
