

August 2022

Dear First Grade Families,

Welcome to First Grade! I am so excited to know that we will begin an exciting adventure together in September. The school year will be filled with fun and learning as we travel through reading, writing, math, spelling, science, social studies and more! You will become a part of a classroom community that is safe, supportive and nurturing. It will be a place where we all will get a chance to be and do our best!

I am planning a meet and greet and will contact you with the details. I use a communication tool called ClassTag. If you would provide me with an email address by emailing me at rbrickhouse@acsdny.org, I will add it to the tool and forward additional information.

Parents, please label your child's supplies with their names. It will help in keeping them organized.

I hope your summer has been enjoyable and I look forward to hearing all about it.

Enjoy the rest of your summer!

Mrs. Brickhouse
