

LaGrange Middle School 100-Day Goals

Belonging and Wellness Goal: 90% of LMS students will engage in an extracurricular activity, sport, or leadership activity in the first 100 days, which will contribute to the belonging and wellness of each student.

Strategies:

- Organize the opportunity for students to do morning announcements, be lunch leaders, and office runners.
- Collaborate with club/ activity advisors, intramurals, and sport coaches to build capacity for students to participate.
- Explore ways that leadership opportunities can be expanded throughout the year.

Academic Growth and Success Goal: 90% of LMS students will be able to articulate an individual iReady ELA or math goal after reviewing their individual results for either September or December.

Strategies:

- Teachers in the core subject areas and AIS will be trained in iReady.
- Teachers in core subject areas or AIS will conference with students regarding their iReady results and help them set an individual goal.
- Students will be able to identify 1 - 2 goals that they have for themselves based on their iReady results in the first semester.
