August 2020

Dear Families,

We look forward to partnering with you to ensure the health and safety of your child.

New York State Education Law (Section 903) requires that every child have a physical examination from a New York State provider no more than 12 months before:

- Entering the school district; or
- Entering grades K, 1, 3, 5, 7, 9 and 11.

The documentation of the exam should be completed on the form approved by the Commissioner of Education. The required NYS School Health Examination Form is enclosed. Your health care provider should also have this form. Please ask your provider to complete the NYS School Health Examination Form and return it to the Health Office within 30 days of your child entering the school or the grade which the physical is required. For a short time, it will be permissible to have the required NYS School Health Examination Form attached to your health care provider’s form.

An updated immunization record MUST be attached to the NYS School Health Examination Form. Your child’s updated immunization record must be signed and stamped by your provider.

New York State Education Law (Section 903) also requires the school district to request a Dental Health Certificate. Please have your provider complete the enclosed Dental Health Certificate and return it to the Health Office.

If in-school medications are required for your child, a written physician’s order and a Medication Order Form (available on our website and from the Health Office) are required for both prescribed and over the counter medications. In self-carry/self-administration cases, your child’s physician must include an attestation statement which is part of the Medication Order Form.

Please return all documentation to the Health Office within 30 days of your child’s entrance to school. If the NYS School Health Examination form is not received within 30 days, a health appraisal will be conducted by the school physician or their associate through the school health program.

Sincerely,

Dr. Tina DeSa
REQUIRED NYS SCHOOL HEALTH EXAMINATION FORM
TO BE COMPLETED BY PRIVATE HEALTH CARE PROVIDER OR SCHOOL MEDICAL DIRECTOR
IF AN AREA IS NOT ASSESSED INDICATE NOT DONE

Note: NYSED requires a physical exam for new entrants and students in Grades Pre-K or K, 1, 3, 5, 7, 9 & 11; annually for interscholastic sports; and working papers as needed; or as required by the Committee on Special Education (CSE) or Committee on Pre-School Special education (CPSE).

Please Return This Form To Your Child’s School When Completed.
Dental Health Certificate

Parent/Guardian: New York State Education Law (Section 903) requires schools to request an oral health assessment in the following grades: school entry, K, 1, 3, 5, 7, 9 & 11. Please complete Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental check-up before he/she started school, ask your dentist/dental hygienist to fill out Section 2. The date of the assessment needs to be within 12 months of the start of the school year in which it is requested. Return the completed form to the school nurse.

Section 1. To be completed by Parent/Guardian (Please Print)

Child's Name: ____________________________

Last First Middle

Birth Date: / / Month Day Year

Sex: ☐ Male ☐ Female

Will this be your child's first oral health assessment? ☐ Yes ☐ No

School: ____________________________ Grade

Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities? ☐ Yes ☐ No

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student’s dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Parent’s Signature____________________________________________________________  Date ____________________________

Section 2. To be completed by the Dentist/ Dental Hygienist

I. I have assessed the dental health condition of ____________________________ on__________ (date of assessment)

Check one:

☐ Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.

☐ No, The student listed above is not in fit condition of dental health.

NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student’s ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health does not preclude the student from attending school.

Dentist’s/ Dental Hygienist’s name and address

(please print or stamp) ____________________________ ____________________________

Dentist's/Dental Hygienist’s Signature ____________________________ ____________________________

Optional Sections - If you agree to release this information to your child’s school, please initial here.

II. Oral Health Status (check all that apply).

☐ Yes ☐ No Caries Experience/Restoration History – Has the child ever had ANY of the following: a cavity (treated or untreated, a filling (temporary or permanent), a tooth that is missing because it was extracted as a result of caries, or an open cavity?

☐ Yes ☐ No Untreated Caries – Does this child currently have an open cavity? [At least ½ mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pits and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present].

☐ Yes ☐ No Dental Sealants Present

Other problems (Specify): ____________________________ ____________________________

III. Treatment Needs (check all that apply)

☐ No obvious problem. Routine dental care is recommended. Visit your dentist regularly.

☐ May need dental care. Please schedule an appointment with your dentist as soon as possible for an evaluation.

☐ Immediate dental care is required. Please schedule an appointment immediately with your dentist to avoid problems.
